My Banking

- View payment history

Past Due Balance

- Outstanding balances can be viewed and paid
- Unpaid previous years, late fees, and new applications filed but not paid yet

Device Permit Program User Guide

- ★ The device permit renewal period runs from July 1st to June 30th each year.
- ★ The annual permit renewal fee is \$75 per device.
- ★ In the State of Ohio, the following commercially used devices require permits:

*Vehicle Scale:	A scale adapted to weighing highway, farm, or other large industrial vehicles (except railroad freight cars), loaded or unloaded.
Livestock Scale:	A scale equipped with stock racks and gates and adapted to weighing livestock standing on the scale platform.
Railway Scale:	A scale that is designed to weigh railroad cars. DOES NOT include monorail scales (meat processing) or hopper scales above railroad cars.
LPG Meter:	A meter designed to measure and deliver liquefied petroleum gas in the liquid state by a definite quantity, whether installed in a permanent location or mounted on a vehicle.
Vehicle Tank Meter:	A vehicle mounted device that is designed for the measurement and delivery of liquid products from a tank. DOES NOT include mass flow meters.
Bulk (Loading) Rack Meter:	A wholesale device, usually mounted on a rack, that is designed for the measurement and delivery of liquid products. DOES NOT include mass flow meters.

***If your device is a Vehicle Scale:**

You must select YES or NO in the "Public Use" box.

Navigate to My Devices and click the pencil edit icon to make this selection.

Example: Do you allow the public to use your scale to weigh trailers for Ohio BMV requirements?
